

GRAND RIBS AND INFLATABLE BOATS

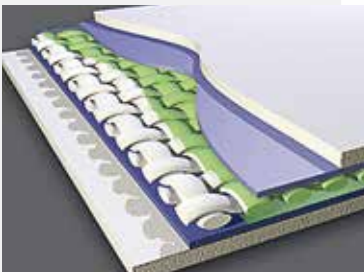

2014
THE SPIRIT OF DISCOVERY

ADVANCED PERFECTION

Double-wall drop stitch materials for high-pressure inflatable floors

5-layers plastomer coated reinforced fabric for the inflatable tubes

★ INNOVATIONS, INNOVATIONS, INNOVATIONS

The key ingredient of GRAND's success is our innovations. By utilizing state-of-the-art engineering with extensive research and development, we not only raise the bar of quality, we provide the finest contemporary naval architecture available! Combined with our extensive experience in the aerospace industry, the aerodynamic and aircraft technology used in our advanced design and production processes results in a model that's tough to beat. With GRAND, your enjoyment will always be backed by our revolutionary technology.

★ MAINTAINING THE HIGHEST STANDARDS

The fact that our internal quality control exceeds the standards of our competitors, all GRAND models meet the requirements of the International Standard ISO/FDIS-6185, European Community EEC Directive for Recreational Crafts 94/25/EC, and a number of other strict international and national quality standards. This alone clearly indicates that safety and reliability is the driving force behind GRAND. But it's you, our customer, and your invaluable feedback that has earned GRAND a reputation of being the Number One choice among recreational boaters.

★ BUILT IN EUROPE

We are proud to mention that each GRAND is a pure EUROPEAN-BUILT product, with no compromise on quality of workmanship, materials and engineering. We believe in expertise of our European skilled manufacturing professionals and a unique GRAND quality control system, that stands up to the toughest boatbuilding traditions worldwide. Delivering to you a Real Quality, we prove the genuine origin of each part of your GRAND boat, and we would have it no other way!

★ WHERE QUALITY COUNTS

We have a law at GRAND — use the Best materials from the Best suppliers. We feel it's the only way to ensure the greatest quality. All parts and systems are built from reliable and credible brands. For instance, GRAND's inflatables are made of five layers coated 1100 Dtex and 1680 Dtex reinforced MIRASOL and VALMEX fabrics to ensure outstanding durability and abrasion resistance for life! If the best product isn't available, we create our own. Our original new HTL adhesive not only offers structural integrity, it also withstands temperatures up to 90 Degree C!

To ensure you receive the best product for the value, our buoyancy tubes are made of extra-strength CSM (ORCA/TREVIRA) for our high-end boats. With GRAND, there are advantages on and off the water!

★ DRIVEN TO PERFECTION

Every GRAND model incorporates a unique combination of innovative techniques, patented designs and our years of expertise. Utilizing the latest CAD/CAM technology with the most advanced software, every GRAND is perfected to the smallest detail to ensure the utmost quality. Once a model has been built, we perfect it even more with an extensive on-water sea trial in the harshest conditions before it even sees a showroom floor!

NEW OPEN CELL FOAM

Starting from Season 2014 GRAND starts using a new and more advanced type of the foam for all GRAND boats upholstery: water transparent OPEN CELL FOAM. This new type of the foam does not suck and hold the water at all — water just flows through the foam and immediately drains out. This nice feature keeps all the cushions more dry and gives more comfortable feeling!

FIBERGLASS STEP ENDS OF INFLATABLE TUBES

Most of our RIBs either come as standard, or might be equipped with unique feature, developed by GRAND — fiberglass step ends of inflatable tube:

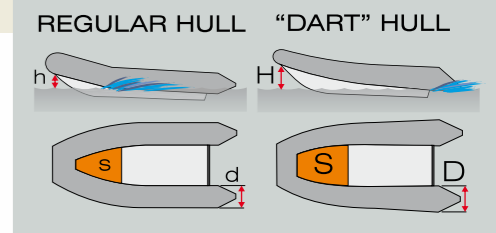

- it is awesome when you are swimming, boarding or docking,
- it is safe and comfortable to stand or even seat on it,
- it perfectly works as a passive trim-tab, pushing the bow down.

NEW "DART" HULL SYSTEM FOR RIBS

New "DART" system for rigid hulls is the next unique and original idea from GRAND, created to improve utility characteristics and performance with:

- More flotation and stability at the back
- Higher keel line, deeper "V" of the hull and softer ride
- Sufficiently more space in the front of the cockpit
- Less water spray generation and drier ride, as on top speed the tube touches the water at the very end!

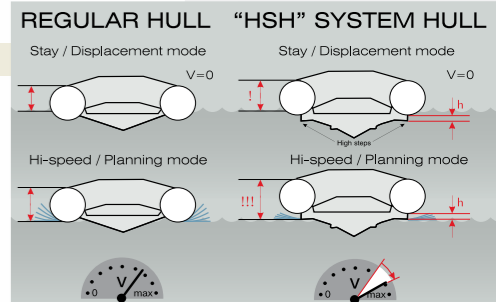

UNIQUE "HSH" DESIGN RIGID HULLS

The main concept behind our exclusive High-Step-Hull (HSH) is to increase buoyancy and ensure:

- the tube has less wetted surface during top speeds and planing over conventional boats,
- the tube offers excellent tracking during idle and slow speeds for superb maneuverability.

Every model with the HSH Hull system also affords:

- improved performance and less fuel consumption,
- a higher freeboard, along with increased buoyancy and load capacity,
- a smoother ride with comfort, safety and absolutely dry cockpit.

SILVER LINE Tenders

S250 • S275 • S300 • S300S • S330 • S330S

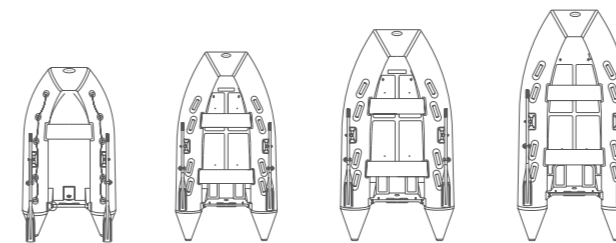

S300

Our SILVER LINE Tenders rank #1 in the rigid inflatable tender class by combining a traditional RIB design and our original styling. Stylish, light weight, very fast and spacious – SILVER LINE Tenders are Four main sizes are available including: 250 cm (8'2"), 275 cm (9'0"), 300 cm (10'10") and 330 cm (10'11").

Two platforms are also available:

- Base: A True Classic. A conventional tender featuring two removable wooden seats and oars, along with several functional appointments and optional equipment. Take it out for a shore island lunch or a short trip to the mainland for a few supplies.
- Sport: Treat the kids or yourselves. This platform comes equipped with GRAND's SPORT console featuring a complete steering system (except S250 and S275) and the ideal power options to qualify it as a potent and exciting high-speed watercraft. It's for boaters who value real fun and great handling! All models are available with PVC or HYPALON tubes.

LIGHT GRAY / GRAY (PVC and HYPALON)

WHITE / GRAY (PVC and HYPALON)

BLACK / GRAY (PVC only)

5 good reasons for choosing GRAND!

1. Unbeatable performance. Possibly the fastest RIB dinghies on the market!

2. The unique 4 hull steps system is fast and saves gas! (S300, S330 only).

3. Lowered tube ends for outstanding stability and an exceptionally dry ride!

4. Impressive carrying capacity with lots of cockpit space for your crew and staff.

5. Choose from a large selection of sizes to fit your swim platform.

SILVER LINE Riders

S370N • S420N

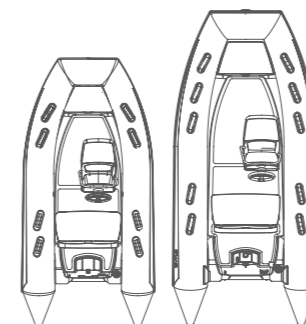

S420NL with navigation arch

S370N and S420N are the latest creation of GRAND, opening the new generation of mid-size RIBs. Both models are based on new original GRAND hull design concept: DART-HULL system with some great key features:

- exceptional stability with much softer ride and faster performance,
- impressive cockpit space with wider bow part, more seating and storage,
- extremely light-weight hull made of hand-laid high density GRP,
- unbeatable price for great value!

There are two models in the range including: 370 cm (12' 2"), 420 cm (13' 9") with three versions for each:

- BASE version (S370N, S420N) — boat with 2 wooden seats and oars,
 - SPORT version (S370NS, S420NS) — with CS-01 SPORT console for S370N, and with new CS-03 console for S420N,
 - DE LUXE version (S370NL, S420NL) — with new CL-11 DE LUXE steering console and rear double seat SD-06 with soft back and lockable container.
- Each model is available either with PVC or HYPALON buoyancy tube.

- Steering console CS-01 (S370N)
- Steering console CS-03 with windshield and railing (S420N)
- Steering system with cable and steering wheel

OPTIONAL EQUIPMENT:

- Fiberglass step ends for inflatable tube
- Keel Protector and Tube Protector packages
- Overall cover, steering console cover
- Overpressure valve
- Bow locker removable cushion (BASE and SPORT)
- Folding stainless steel navigation arch
- Removable sundeck with soft cushion (S420NL)
- Collapsible bimini top
- Complete electric package
- Removable seat cushions with bag for S370N
- Fishing package for S370N, S420N, incl: bow step plate, with roller and cleat, rear anchor roller with cleat and 4 sets of fishing rod and cup holders on seats.

PERFORMANCE CHART

COLORS

LIGHT GRAY / GRAY (PVC and HYPALON)

WHITE / GRAY (PVC and HYPALON)

BLACK / GRAY (PVC only)

5 good reasons for choosing GRAND!

1. New generation of fast performing hulls with unique DART hull system from GRAND!

2. Spacious cockpit with wide bow locker, plenty of storage and comfortable seatings.

LIGHT-WEIGHT!
S370N - 80 kg (176 lbs)
S420N - 115 kg (253 lbs)

3. Lightest centre console boats on a market with double shell hand-laid GRP hulls.

4. Very practical and stylish steering console design for pleasant drive and complete control.

5. New system of folding stainless steel navigation arches for compact storage and low bridges pass.

SILVER LINE Riders

NEW

S470N • S470NS • S470NL

S470NLF with navigation arch and step ends

Silver Line S470N is the next new creation of GRAND, replacing the previous S470 — legendary GRAND bestseller. This model follows the new original philosophy of Silver Line models: practical, spacious and lightweight concept with elegant design, based on new and unique DART-hull system from GRAND. The key features of the new S470N are:

- wider boat with sufficiently more space in the cockpit and larger bow locker,
- exceptional stability and performance of DART-hull system and deeper "V" hull,
- low weight and excellent performance even with smaller engines,
- new generation steering console and double seat with more comfort, more storage space and high-class design.

There are three standard versions of S470N model:

- BASE version (S470N) — boat with empty cockpit to be custom equipped,
- SPORT version (S470NS) — boat with beautiful CS-03 SPORT console (jockey seat) and steering system,
- DELUXE version (S470NL) — boat with new steering console CL-14 with windshield, railing and front seat, and new slick SD-10 double seat.

Each model is available either with PVC or HYPALON buoyancy tube.

4. Wide and practical console dashboard for all your electronics, radio and stereo.

5. New very effective system of folding navigation arch for compact storage and low bridges pass.

SILVER LINE Riders

S520 • S520S • S520L

S520L with fiberglass step ends and navigation arch

S520 model is one of the last and most modern GRAND designs of rigid inflatable boats in mid-size range, which from its first day became an absolute bestseller as a family and cottage boat. The key points of its philosophy are: practical, spacious, easy transformable and nicely equipped boat for unbeatable price. Its really Deep-V hull (over 25° on transom and over 50° max) makes the boat a perfect rider on choppy water and sea waves. If you are looking for the reliable, roomy and easy transportable RIB for your family holiday — S520 is exactly what you need!

There are three versions of this model available:

- BASE version (S520) — boat with empty cockpit to be custom equipped,
- SPORT version (S520S) — boat with CS-03 SPORT console with windshield, railing and steering system,
- DE LUXE version (S520L) — boat includes new CL-12 DE LUXE steering console with windshield, railing, front seat and seatback and stowage compartment, and SD-02 rear double seat with st. steel polished railings, soft back and lockable container.

Each model is available with PVC or HYPALON buoyancy tube for your choice.

SILVER LINE Cruisers

S550RF • S550GRF

S550GRF

SILVER LINE S550 is one of the GRAND models which may impress anyone with its fast increasing popularity. This long-awaited model within just one year became one of our bestsellers, winning the hearts of our customers. With developed modular design this boat became an ideal solution as a family boat for runabouts, watersports, cottaging and lots more. Being easy to transport and effectively powered, providing a plenty of storage space and cockpit area, showing incredibly high performance and stability with advanced deep-V hull, S550 became an unbeatable solution in the class of middle size RIBs!

Since 2013 every S550 comes with fiberglass step ends and polyester navigation arch as standard equipment under S550RF model name. It comes in two packages: DELUXE — basic package, and GRAND LUXE with some extra features. S550 is available either with PVC or HYPALON tube.

S550GRF (optional black tube)

SILVER LINE Cruisers

S650LF • S650GLF

S650GLF

Our SILVER LINE Cruiser S650 is one of our bestselling models in a new series cruising and offshore rigid inflatable boats. This rigid weapon is considered one of the top models in the international RIB arena with its outstanding seaworthiness, unique design, practical cockpit arrangement and impressive capacities. Boaters will certainly appreciate its many benefits including a spacious cockpit with comfortable seating places and plenty of storage space for safety equipment or gear. What's even more impressive is it utilizes GRAND's exclusive HSH-hull system and a range of power choices to deliver exceptional performance. Better yet, it's practical enough, comfortable enough and elegant enough to claim it as the best boat in its class! Every boat is equipped with standard fiberglass step ends with very practical design. They have a large step with antiskid surface, where you can stand or even sit on it — excellent feature for a first choice boat!

GOLDEN LINE

Cruisers

NEW

G650LF • G650GLF

G650LF with bow railing and waterski arch

The Golden Line G650 is a new breathtaking creation of GRAND, presenting absolutely new and unique concept of rigid inflatable boat with several fantastic ideas and features, which make this model a remarkable event in the world of boating. Just have a look at some of them:

- U-form rear seat (sofa) — this feature is common for larger RIBs, but this is the first time when it is so nicely arranged on 6.5m long RIB,
- Rounded bow part of the tube — unique and recognizable shape with nice touch of elegance and beauty in boat lines,
- New concept of steering console with impressive spacious dashboard,
- Elegant driver's console with folding seats and railings,
- Innovative waterski towing arch, combining the features of navigation arch and wakeboard or waterski towing capability.

But after all that the New Golden Line G650 is the most beautiful boat, ever created by GRAND and we believe it will become the most beloved one by our GRAND Customers.

The boat is available either with PVC or HYPALON tubes.

- Removable bow table

5 good reasons for choosing GRAND!

1. Exceptional performance, with a smooth and dry ride even on high waves!

2. HSH hull system and transom extensions are the key features of this unique design.

3. Spacious and elegant cockpit provides a lot of sunbathing space and storage.

4. This boat is great for all kind of activities and watersports!

5. Standard GRP tube ends with large steps for easy boarding and better ride!

GOLDEN LINE Tenders

G340EF • G380EF

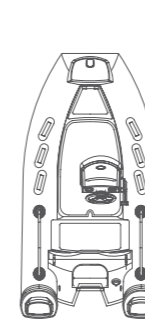

G340EF with optional teack deck

Since their launch in the marine industry, our GOLDEN LINE Tenders introduced a new age of luxury RIB design. With superior quality, comfort and elegance, this series has become a prestigious and exclusive tender for owners of luxury yachts. Every model boasts a unique water spray protection system that is designed to provide a dry ride with no water entering from the stern. There are currently two main sizes: 330cm (10'10") and 360cm (11'10") with fiberglass step ends - fully equipped boat with larger bow step plate with navigation light, pull up cleat and soft seat back, low profile console with handrail, and two rear railings. But the most unique feature is their unbeatably low weight, what makes them fitting any, even low capacity, lifting system:

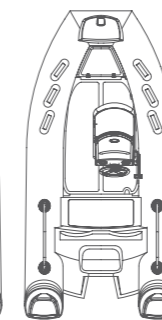

- G340EF: boat weight = 115kg (253 lbs), boat+20HP motor = 190kg (418 lbs),
 - G380EF: boat weight = 170kg (374 lbs), boat+40HP motor = 265kg (583 lbs).
- GOLDEN LINE Tenders are available with MIRASOL or HYPALON tubes. Experience what a real magnificent pastime boating is!

G380EF

5 good reasons for choosing GRAND!

LOWEST WEIGHT!

1. LIGHTEST LUXURY DINGHIES EVER !!! Boat weights: G340 - 115 kg, G380 - 170 kg!

2. Elegant transom extensions for a better ride, stability, Flotation and easily getting on plane!

3. Fastest performing hull designs: G340 - 4 cross steps, G380 - HSH system.

4. Adjustable rear seat back with maximum height up to 400 mm (15") for your comfort!

5. Unique GRP tube ends with large and practical steps for easy boarding, swimming and better ride!

RANGER

Sport & PRO Boats

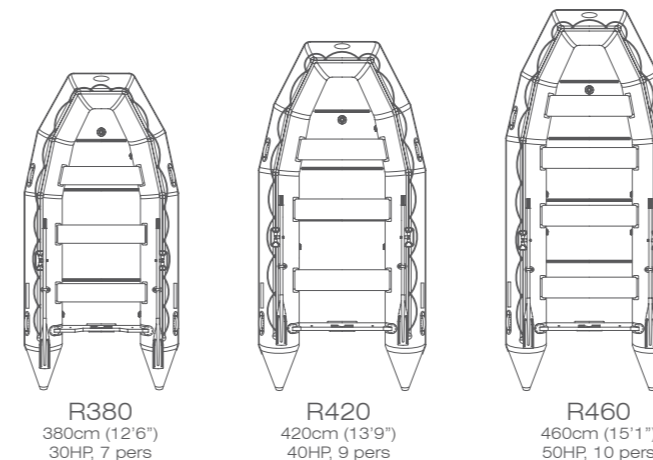

R380 • R420 • R460

R420 with steering console CS-02 (optional)

The RANGER series are heavy-duty, foldable, inflatable boats specially designed for water sports and demanding applications. With their superior strength, technology, hydrodynamics and GRAND's expertise, the RANGER is a tough model that guarantees the utmost Safety, Stability and Power! They can readily pull double-duty for demanding, professional on-water applications or ideally serve recreational boaters who fish, dive, waterski or cruise with the family, even under the harshest sea conditions.

There are three models in the range: 380 cm(12'6"), 420 cm (13'9") and 460 cm (15'1") and each of them can be upgraded to solid wooden keel (optional) from the inflatable one, or PRO-grade fabric for professional applications. A Real Boat for the Real Man!

R420 with steering console CS-02

STANDARD FEATURES:

- Medium-V bottom
- Marine grade plywood floorboards with inflatable keel
- Anodized aluminum reinforcement system
- Reinforced integral transom for outboard engine
- 3 reinforced towing bow eyes
- Cockpit drain plug (bailer)
- Multi-chamber buoyancy tube
- Tough raised rubbing strake with splash guard
- 3 removable wooden seats (4 on R460)
- Substantial safety life line with line bar
- Bow grab handle
- 2 side and 2 rear lifting handles
- 2 oarlocks with 2 oars and oar posts
- 2 Carry bags
- High efficiency foot pump
- Maintenance kit & User's manual

OPTIONAL EQUIPMENT:

- Steering console CS-02 with steering system, steering wheel, cable and installation system
- Boat overall cover
- Overpressure valve
- Soft seat cushions with underseat bags
- Keel and Tube Protection package
- Wooden keel with solid installation system
- Upgrade to HEAVY DUTY material (1400 g/sq.m.)
- Collapsible bimini-top

- BLACK (PVC)

R420

5 good reasons for choosing GRAND!

1. Toughest boat for military, patrol, rescue, and other professional applications!

2. Spacious cockpit with easy to install wooden seats and antiskid floorboards.

3. Perfect choice for fishing, diving and a great cottage boat.

4. It perfectly fits a trailer, being always ready for any occasion, even firefighting!

5. Lowered tube ends stabilize the boat at fast speed and make the ride dry.

CORVETTE

Sport Boats

C240 • C270 • C300 • C330 • C360

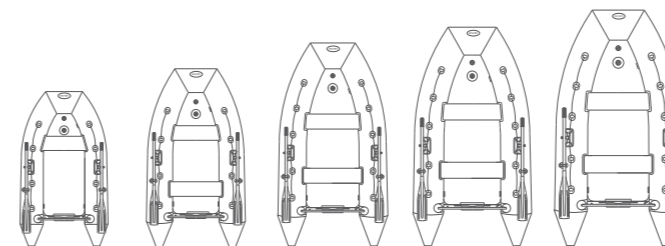

C330

There's no limit to practicality and excitement with GRAND's Corvette series of foldable tenders. An excellent choice for any yachtsmen, the CORVETTE series feature a traditional design, GRAND's original styling, and are light, spacious and easily portable whether they are stowed away or ready to run. They also have impressive agility and load capacities, making them the perfect model for fishing, camping and family fun!

Five base models are available ranging from 240 cm (8') to 360 cm (12'), with two versions:

- Strong marine-grade plywood floorboards with heavy-anodized aluminum reinforcement (C240-C360),
- Modern and light high-pressure inflatable floor/air deck (C240A-C360A).

All you have to do is choose the right size for your activity and let it rip!

| Boat length, cm (ft) | 240 (7' 10") 5HP, 2 pers | 270 (8' 10") 10HP, 3 pers | 300 (9' 10") 15HP, 4 pers | 330 (10' 10") 20HP, 4 pers | 360 (11' 10") 30HP, 5 pers |

| AIRDECK | C240A | C270A | C300A | C330A | C360A |

C330

5 good reasons for choosing GRAND!

1. All models easily get on plane and are fast performing even with small motors.

2. V-shaped transom with original metal reinforced installation system.

3. Substantial inflatable keel for a solid performance on rough waters.

4. Optional overpressure valve to protect against pressure and temperature extremes.

5. Compact and low weight design for simple and efficient assembling.

STANDARD FEATURES:

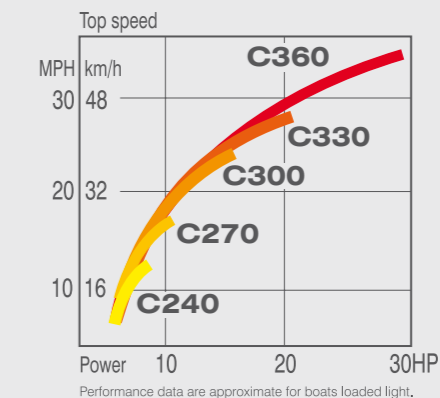

- Medium "V" bottom and "V"—shaped transom
- Antiskid marine ply floorboards with aluminum reinforcement and inflatable keel (C240-C360)
- High-pressure air deck with inflatable keel (C240A-C360A)
- Soft-curved collar with 3 chambers
- Integral transom for outboard engine
- 3 towing bow eyes
- Cockpit one way drain valve (bailer)
- Tough raised rubbing strake with splash guard
- Safety life line
- Bow grab handle
- Two rear grab handles (C300, C300A-C360, C360A)
- 2 oarlocks with 2 oars and oar posts
- 2 removable wooden seats (1 on C240, C240A)
- High-efficiency foot pump for C240-C360
- 2 Chamber high-pressure pump for C240A-C360A

- One carry bag for C240, C270 and two carry bags for C300-C360
- Substantial keel protector
- Maintenance kit & User's manual

OPTIONAL EQUIPMENT

- Front & rear soft cushions (close-cell foam) with the removable under-seat bags
- Overall cover
- Overpressure valve
- Tube and keel protection package

ELF Foldable Dinghies

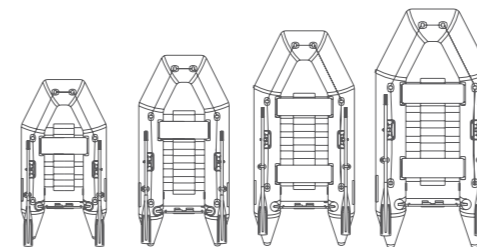

E210 • E240 • E270 • E300

E270

The ELF series is the perfect example that great things come in small packages. The ELF models are small and light inflatable dinghies that are ready to perform when the duty calls. A top choice for owners of sailboats and motoryachts, models in the ELF series are compact, easy to use and assemble. They are also tough as nails to provide years of use. In addition to impressive capacities and slatted flooring with extremely low maintenance, every ELF is featured-packed and designed to provide the utmost safety and stability. They are the perfect choice for camping and a reliable model to introduce your children to the exciting world of boating.

The ELF series includes four models from 210 cm (7') to 300 cm (10') with slatted deck, which is light, easy to pack and maintain, and safe to use. And each of them is easy to Ride, easy to Row, easy to Carry, easy to Tow!

| Model | E210 | E240 | E270 | E300 |
|----------------|-----------------|-----------------|-----------------|-----------------|
| Length overall | 210 cm (6' 11") | 240 cm (7' 10") | 270 cm (8' 11") | 300 cm (9' 10") |
| Engine max | 4HP max | 5HP max | 8HP max | 10HP max |
| Passengers | 2 persons | 3 persons | 3 persons | 4 persons |

E270

5 good reasons for choosing GRAND!

1. All boats are easy to carry and are light weight, starting from only 18kg for E210.

2. All models are very compact and can fit a trunk of any car.

3. The most simple, easy to use and reliable wooden seat installation system.

4. Uniquely designed lifeline, which is always tight and will never get loose.

5. Extended and lowered down tube ends are an excellent feature for more flotation and stability.

STANDARD FEATURES:

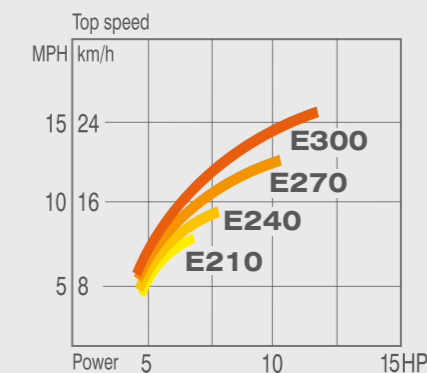

- Multi chamber buoyancy tube
- Integral marine grade ply transom
- Slatted deck bottom on E210-E300
- 2 oarlocks with 2 oars and oar posts
- 3 towing bow eyes
- Cockpit drain valve (one-way bailer)
- Rubbing strake with splash guard
- Safety life line
- Bow grab handle
- High efficiency foot pump
- Two removable wooden seats (1 seat on E210, E240)

- Carry bag
- Maintenance kit & User's manual

OPTIONAL EQUIPMENT:

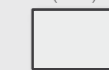

- Overall cover
- Soft seats with removable under-seat bags
- Overpressure valve

ARGUS Foldable Canoes

A380 • A450 • A550

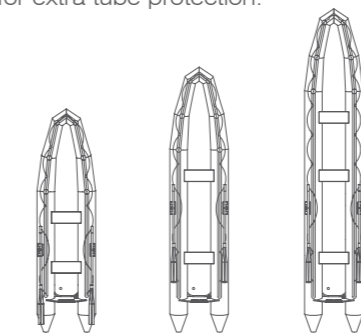

Our new series of inflatable canoes ARGUS are an outstanding example of combining the superior buoyancy, stability and performance of inflatables with the idea of the classic canoe. They are excellent for relaxed paddling or extreme exploration of remote places in wild nature. Oars or paddles, an outboard motor or a sailing kit- all the propulsion means are available, along with different options of seating for your very own comfort.

There are three sizes (380 cm, 450 cm, 550 cm) for 2, 3, and 4 passengers and 2 versions: DISCOVERY (basic version) and PRO (with extra features). Starting from season 2014 we are happy to offer three unique features:

- Adjustable rail-based sliding seats system,
- Two water deflectors in the front for splash protection on high speed,
- Two low profile stability skegs in the rear for extra tube protection.

A380

A380 380cm (12'6") 5HP, 2 pers
 A450 450cm (14'9") 6HP, 3 pers
 A550 550cm (18'1") 8HP, 4 pers

Adjustable rail-based sliding seats system

A380

Two bow deflectors for splash protection

Two new low-profile skegs in the rear

A380 on plane with outboard motor

STANDARD FEATURES (Discovery and PRO):

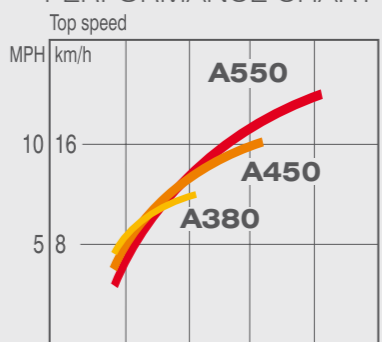

- Multi chamber buoyancy tube with lowered cones
- Integral marine grade plywood transom
- Cockpit drain valve (one-way bailer)
- Removable high-pressure airdeck
- Stainless steel towing eye
- 2 rear carry handles
- Tube extra protectors at the bow
- Safety life line around the perimeter
- 2 rear T-form fins for directional stability
- Original rail-based sliding system for wooden seats
- 2 (A380, A450) or 3 (A550) removable wooden seats

- 2 front water deflectors for splash protection
- Two chamber high-pressure foot pump
- Carry bag
- Maintenance kit & User's manual

STANDARD EQUIPMENT FOR PRO VERSION:

- T-form lifeline bar to increase freeboard
- 2 oarlocks with 2 oars and oar posts

ACCESSORIES & OPTIONAL EQUIPMENT

Steering console CL-01
Main dimensions:
L580 x B480 x H960 (23' x 19' x 38')

Steering console CL-02
Main dimensions:
L825 x B480 x H1120 (23' x 19' x 38')

Steering console CL-03
Main dimensions:
L1100 x B620 x H1200 (43' x 24' x 47')

Steering console CL-04, CL-05
Main dimensions:
CL-04: L1125 x B1040 x H1680 (45' x 42' x 67')
CL-05: L960 x B900 x 1460 (38' x 36' x 58')

CL-04

Cruising bar SD-04
Main dimensions:
L825 x B1060 x H925 (33' x 44' x 37')

Steering console CS-01
Main dimensions:
L1300 x B400 x H675 (23' x 19' x 38')

Double seats SD-01,SD-02,SD-03
Main dimensions:
L550 x B1050 x H960 (22' x 43' x 33')
L550 x B1150 x H960 (22' x 45' x 33')
L650 x B1250 x H1060 (25' x 50' x 36')

Standing bar SD-05
Main dimensions:
L550 x B1050 x H960 (22' x 43' x 33')

Keel and tube protection system
Please specify the boat model and package type when ordering.

Package A
(Keel line only)

Package B
(Tube on both sides)

Steering console CS-02
item #2210

Steering console cover
Please specify the console model when ordering

Stainless steel railing for consoles
CL-01, CL-02 – item #2250, CL-03 – item #2251

3-arch collapsible suntop
Please specify the boat model when ordering.

Boat Cleaning and Maintenance kit

This kit includes:
1. SPEED CLEAN – unique active cleaner with HYPEXINE™, especially designed for PVC and HYPALON inflatable boats.
2. POLYGUARD – a new Space Age polymer for complete protection of your boat against environment, gas, dirt, UV, stains etc. It does NOT contain silicon or wax!!!
Regular use of them will assure extended lifetime and perfect shape of your boat.
These products, manufactured by AURORA, Canada, are only chemicals, officially approved by GMG for GRAND inflatable boats!

Seat cushion with under-seat bag
Please specify the boat model when ordering

Boat overall cover
Please specify the boat model when ordering

ATTENTION! All the consoles standard sets do NOT include any controls, instruments and steering. They should be ordered separately!
